CONDITION OF THE MARKETS

Fair Trading in Wheat at Chicago, Accompanied by Higher Range of Prices.

Corn Fairly Active and Generally Steady-Cats Quiet but Decidedly Firm-Provisions Nervous but Practically Unchanged.

MONEY, BONDS AND STOCKS.

A Quiet Market in New York, Characterized by a Generally Weak Tone.

NEW YORK, Oct. 6 .- Money on call was easy at 203 per cent, closing offered at 2 per

Mercantile paper, 41 061 per cent. Sterling exchange was steady at \$4.83} for sixty-day bills and \$4.88 for demand.

The total sales of stocks to-day were 119,084 shares, including the following: Delaware, Lack Pacific, 3,395; Northwestern, 7,700; Northern Pacific preferred, 7,425: Oregon Transcontinental, 7,800; Reading, 9,550; Richmond & West Point, 5,100 St. Paul, 14,617; Union Pacific, 9,200; Western Union, 6,820.

The "bears" were in good spirits this morning, and to-day sold stocks nearly all around the room, while the buying was scattering and inefficient. The day's transactions were quiet and the tone was weak throughout, though a great deal of hammering was done by the "bears" and traders to bring about this result. The temper of the room was bearish, on the expectation that the bank statement would show a loss in surplus reserve, and in this it was not disappointed, though the estimate of the loss was something too large. London was doing very little, and the opening prices were from to per cent. below the closing figures of last evening, with Missouri Pacific down i. There was some hesitation in the early trading, but the pressure soon began to force the list off, and quotations were quickly retired to below those of the opening. New England led the decline, and though the market became dull, ma-terial progress was made toward lower figures. More animation was shown after 11 o'clock, and no check was given the decline, many of the specialties dropping sharply, and the grangers marked weakness. The dealings developed no further feature, and the close was weak at the lowest prices of the day. Everything, without exception, is lower, and East Tennessee first preferred lost 2 per cent, New England and Burlington & Quincy each 14: St. Paul, Lake Erie & Western preferred and Oregon Transcontmental each 1

The railroad bond market was dull and without feature of interest. There was a steady tone, and the final changes are for small fractions only. Sales of all issues were \$490,000, without special animation in any one bond. The only decline was Denver & Rio Grande West-

per cent,, and the others fractional amounts.

Cheese strong; Western, 81 29ic. CHICAGO, Oct. 6.-There was only a fair trade in wheat to day, chiefly local, though some little outside business was done. Higher prices were again established, and the market developed decided strength. The same prominent operator who has figured so conspicuously in the market for the past few weeks was credited with being the principal buyer. The conditions are about the same as recently noted, and no new features were present. The market in Northwest continues to the rule strong, and Duluth, for No. ruled 970 12c above Chicago prices for No. 2. All home markets were higher, and foreign markets also ruled stronger and a shade higher. The opening here was about 2c higher than yesterday's closing, and with a further advance of 424jc, established later, ruled strong and closed 5 @6c bigher than yesterday, with May maintaining the established premium. Corn was fairly active and generally steady; though, early in the session an easy feet-ing prevailed, after which the market ruled unsettled. Trading was mainly local and appears to be centering in the more deferred deliveries; May, in particular, to-day ruled quite active. The influences governing the situation to-day were of a local character,

very little, if any outside news of importance, being received. The market opened about ic above the closing prices of yesterday, was firm for a time, and advanced to, sold off to, reacted ic, ruled weak and declined 101tc, reaching the lowest point of the session, and closed \$25c lower than yesterday. Oats were quiet, except May, in which there was fair request. This held prices firm and caused to higher range, with near futures barely steady. Trading in mess pork was moderate during the first hour, and almost entirely in November and January. First sales were at 21 35c decline, followed by a rally of 121 @15e; the market then became weaker and closed quiet at nearly toside figures. Lard was nervous, it being difficult to buy or sell a moderate-sized line without materially affecting values. October declined .05e under liberal offerings by a prominent packer. The appearance of buyers after the decline caused a rally of .17 c. but it was not maintained. Trading in other deliveries was moderate and prices lower. Short-rib sides met a fair call, and an easier feeling was developed in the near deliveries, but the more distant futures were steady. The leading

INDIANAPOLIS MARKETS.

The Trade of the Week Spiisfactory, Prices Fincinating but Little.

INDIANAPOLIS, Oct. 6. In most departments the volume of business has been quite satisfactory in the week closing to-day. There is a confident feeling in trade circles. Business is not rushing, but there is a steady, healthy movement, and as a rule prices are well maintained. In foreign fruits there is little doing, which is not unusual at this season of the year. Lemons are in light demand and prices rule weak. Only Jamaica oranges are on the market and sales are moderate at firm prices. In groceries a good deal is doing. Sugars are weak at quotations, while coffees are strong in price. Molasses weak and sales limited, syrups firm and moving out well. Teas are in strong position, and Eastern papers report liberal sales. In dried fruits little is going as yet. Canned goods are attracting considerable attention. In the produce markets there is a good deal of activity. Eggs are firm at quotations. Poultry weak on large receipts. Butter steady and ranging in price as for some days past. Apples in liberal supply, and good fruit can be bought at \$1.50 per barrel; choice at \$2 to \$2.25. There are still some peaches on the market, but they sell at high figures. Pears are in light demand, and not much good fruit is offered. The hide market rules tame still, prices ruling weak. Leather dealers are experiencing a good trade. Druggists are quite busy, prices on most articles they handle being firm. The flour market is active, prices still advancing. The wool market is dull and prices unchanged. The seed market

is active; prices steady and firm. The local market closed strong for all cereals, oats excepted. There was a good attendance on 'Change, and bidding was spirited and in sympathy with the markets. Wheat advanced sharply, and corn was a shade higher. On large receipts oats are a little off. Track bids to-day rnled as follows: Wheat-No. 2 Mediteranean \$1.10

W. BAKER & CO., Dorchester, Mass. DO NOT BE DECEIVED

The Indianapolis Natural-gas Company expects to UNDERSELL ALL COMPETITORS in the gas business. We make all contracts for domestic, store or office use at 30 per cent. off. We will add to these contracts a clause AGREEING AT THEIR TERMINATION TO CONTINUE TO SUPPLY GAS AS LOW OR LOWER THAN ANY COMPETITOR WILL THEN SUP-PLY YOU. Also, when the time comes, as it surely will, when it will be bard work to get a gas supply from any company, we shall give the preferance to our early patrons.

The inducement that is being held out by others that they will next year or some other time supply you at half price is MISLEADING and a SUBTERFUGE. Buy only of the company that SELLS CHEAP

NOW, and agrees in the contract to continue so to do. This gives you a certain advantage.
